**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-5 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose or render obvious a method for preventing tipping of a flower pot with all features as claimed in claim 1, especially the step of engaging the hook portion over the upper edge portion of the pot and resiliently grasping the rim portion for tightly fastening together and extending the rod downwardly from the hook portion closely adjacent to the outside surface of the pot wall while the pot is resting upon the ground surface and pushing the stem portion downwardly alongside of the pot and continuing for a distance relative to the pot so that a lower portion of the stem portion enters into the ground a sufficient distance to hold the pot against tipping.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
